Discontinuation of speech/language services is being recommended because in the opinion of the speech language pathologist:

- The student's speech/language functioning is in the average range.
- The student's speech/language impairment is no longer having an educational impact on his/her functioning in the school setting.
- The student's speech/language functioning is commensurate with his/her cognitive ability, and no further progress is likely.
- The student has been receiving therapy for \_\_\_\_ years, and maximum benefit has been obtained.
